

Christmas Holidays

This Christmas Holiday I had a fun time. I was with my family on Christmas Eve and New Year. In the first day I did my homework, and then I studied a little every day.

At Christmas dinner I was with my family in the house of my grandparents in Villarubia. My cousin, my brother and I played with board games.

In New Year I had dinner with my family at the home of my grandparents again. We ate the grapes and we wish us a happy new year. That night my cousin and I slept in the house of our grandparents.

On the morning of Wise Men my present was a video camera and my brother give me a perfume.
